

## The Premier Conference of Energy Regulators

### PRESS RELEASE

October 6, 2018 - The Energy Regulators Regional Association is excited to welcome more than 200 conference delegates in Antalya, Turkey for an international discussion of the most current issues facing energy regulators. Held on an annual basis, the ERRA Conference is a unique gathering point of energy regulators from **more than 30 countries of 4 continents**. It begins on October 9 with the opening ceremony featuring the **Honorable Fatih Dönmez, Minister of Energy of Turkey** based on the invitation of the **Energy Market Regulatory Authority of Turkey**. This year the event is organised in parallel with the **9<sup>th</sup> Turkey Energy Summit**, the union of the two prestigious events will no doubt result in new standards in interregional conferences and will offer unique opportunities to conference delegates.

"I am glad to see an unusually large number of regulatory participants in the ERRA Conference," said Mart Ots, ERRA Chairman. "The planning and level of preparation we put into the conference is evident from the high caliber of our speakers and the hot topics they will discuss."

In addition to the keynote session, presentations, panel discussions and the networking event, ERRA is also hosting:

- The **poster presentations** of ERRA's Regulatory Research Project;
- Informal gathering of **Women-in-Regulation**;
- The **High-Level Meeting** of ERRA Member Regulators as an add-on activity;
- The **Czech and Austrian** Energy Regulatory Authorities joining ERRA as full members.

## About ERRA

The Energy Regulators Regional Association (ERRA) is a voluntary organization comprised of independent energy regulatory bodies primarily from the Central European and Eurasian region, with Associates from Asia, Africa, the Middle East, North and South America. There are now 31 full and 10 associate members working together in ERRA. The Association's main objective is to increase exchange of information and experience among its members and to expand access to energy regulatory experience around the world.
