INGAS 2019 GATHERS THE GLOBAL LEADERS OF NATURAL GAS IN ISTANBUL

8th International Natural Gas Congress and Fair, INGAS 2019, Will Host the Prominent Figures of the Industry in Istanbul

Hosted by Istanbul, the heart of two continents, INGAS 2019 will be held with Istanbul Gas Distribution Industry and Trade Inc. (IGDAŞ), Natural Gas Distribution Companies Association of Turkey (GAZBİR), and Natural Gas Industry Occupations Examination and Certification Center (GAZMER) as organizers and the Turkish Ministry of Energy and Natural Resources, the Turkish Ministry of Trade, Energy Market Regulatory Authority (EPDK), Istanbul Metropolitan Municipality, and many other institutions and organizations as contributors based on the ‘Common Energy, Common Future’ theme on 17-18 October 2019 in Halic Congress Center.

National and international industry professional will participate in INGAS 2019 to discuss the developments in the energy industry and evaluate the current situation of the Natural Gas market in Turkey and outlooks regarding the future of the industry. Environment-related issues, innovations, new technologies, and difficulties and opportunities in the ever-changing natural gas industry will be discussed with industry’s leading experts from all over the world in order to make Turkey one of the most important natural gas trade centers of the world and achieve a sustainable growth.

INGAS 2019 Will Be Held Under the Aegis of International Gas Union (IGU) and European Gas Studies Group (GERG)

Founded in 1931, the International Gas Union (IGU) is one of the most important institutions of the gas industry, serving 95% of the gas market and guiding the policies, techniques, and economies worldwide.

INGAS 2019 will host speakers and members from important institutions of the industry such as International Gas Union (IGU) and European Gas...
Research Group (GERG) and participants from EU Countries, Middle East Countries, South and Northern America, Africa, Asia, and Australia will share their experiences and opinions with national and international public.

Participants of INGAS 2019 will be able to establish connections that guide the industry, hold B2B meetings, catch new and profitable work opportunities, and find the chance to enter new markets, enhance their existing business operations, and follow the latest technologies. INGAS 2019 participants will also find the opportunity to establish new partnerships and collaborations with companies operating in the industry, promote their products, connect with their target audience face-to-face, and introduce their projects to end-users.

**INGAS Remembers Entrepreneurs**

Entrepreneurs and start-ups who wish to develop their business and invest in Turkey, a country moving rapidly towards the center and attraction point of the regional and global energy trade, will be able to obtain information about the natural gas industry and steer their commercial activities.

**INGAS 2019 Agenda**

Organized under the supervision of TOBB (Union of Chambers and Commodity Exchanges of Turkey), INGAS 2019 will involve discussions about dimensions and effects of globalization in the gas industry as well as transparency platform in natural gas, supply-demand security and price policies in natural gas, sustainable natural gas access, GAS 4.0 technologies, renewable energies and the future of natural gas, new perspectives in natural gas management, integrated asset management, young minds in the natural gas industry, and being a woman in the natural gas industry.

Also, products involved in the entire value chain from production of natural gas to delivery to end-user will be exhibited by companies this year’s fair within the scope of INGAS 2019.
