- excise tax
- VAT 21%

What are the recent price trends in your country?

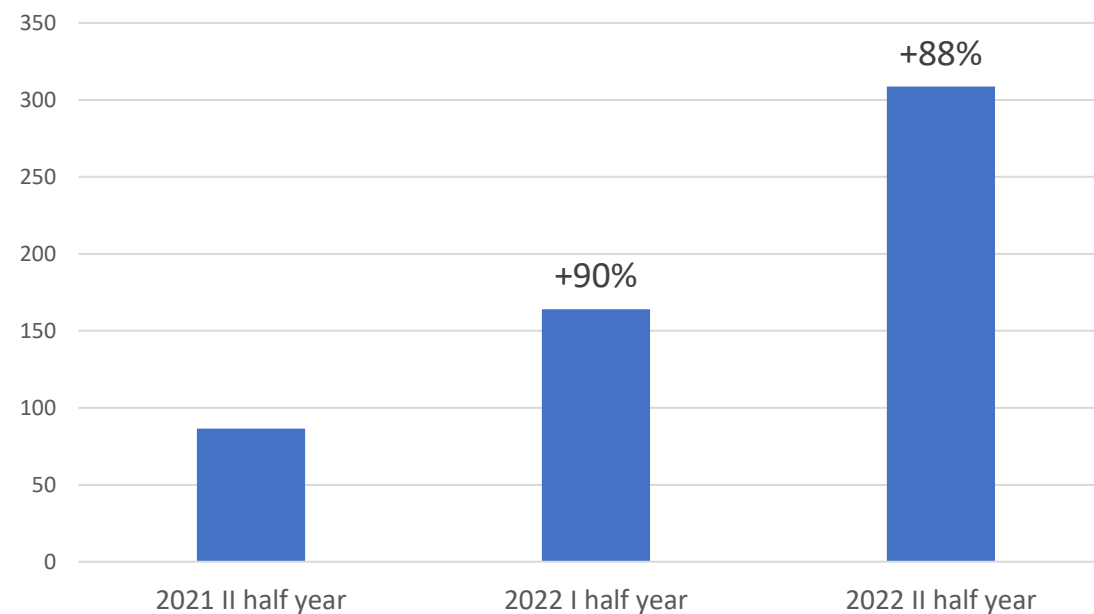

What are the recent price trends in your country?

Bill "cooking" 4 m³ (EUR/months)

Bill "heating" 200 m³ (EUR/months)

Are the price-regulating measures taken during Covid and/or post-Covid period still in effect?

- 1. From NRA side – Amendments in tariff methodology framework. Processing Regulatory account framework, to provide much faster uncontrollable expense recovery. Main focus on natural gas loss costs. New DSO tariffs from 2023.*
- 2. Government subsidies to natural gas users (use natural gas for house heating). (50% from increase).*
- 3. Open question about new natural gas end-user tariff (from October??). Application from public trader to NRA.*
- 4. In the Energy law is set that natural gas import/export to Russia is forbidden from 1.january 2023.*
- 5. Also Government set in Cabinet of ministers, that public trader storage gas in storage are only used for captive consumer supply. TSO is responsible for monitoring the enforcement of rules.*
