Benchmarking Report

High Energy Prices – Mitigating Impacts, Measures and Approaches by Select ERRA Members

Dr Viktor Szilágy

Vice-Chairman of the Working Group

International Expert for Energy

10 October 2022

ERRA CP WG Meeting

Istanbul

Hungarian Energy and Public Utility Regulatory Authority

Clean energy, sustainable environment

The situation of the energy markets in many countries became difficult since the pandemic, but especially since 2021.

The ERRA CP WG decided on 2022. 02. 26 to take the issue on its workplan and create a report on the issue.

The report was created in September 2022 and will be published in October.

The participation in the creation was voluntary.

14 ERRA Members participated in the report (AL, AM, BiH – FERK, CZ, EE, GE, HU, XK, LV, LT, MD, MK, SA, TR).

The report will be published by ERRA in October.

Benchmarking Report on High Energy Prices

The structure of the report

Benchmarking Report on High Energy Prices

Some findings from the report

Measures introduced

- A wide variety of measure were introduced
- Support mechanism, decreasing the network charges, information campaigns, SoLR activated

Market structure

- At the first glance there was no major change on the retail markets
- However the inquiry was somewhat limited.
- The worst is yet to come?

Supplier of Last Resort

- Most ERRA Members have this concept
- In many cases the SoLR was activated.

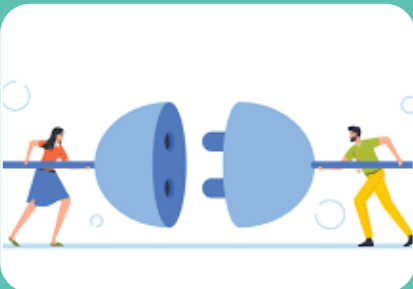

Benchmarking Report on High Energy Prices

Some findings from the report

Requirements of authorisation, hedging and possible extension of jurisdiction of NRAs

- The majority of the ERRA-Members have some kind of authorisation or licencing regime in force for activities in the energy sector. (supply).
- Most regulators received new duties due to the crisis (reporting and monitoring duties, price regulation)

Disconnection

- The data supplied was not exhaustive, only 8 ERRA Members could supply data.
- However, the number of disconnection was surprisingly low. So far?

Price regulation

- Most ERRA Members reported that they have already some kind of price regulation regardless the crisis.
- Slight increase in price regulation.

Thank you for your attention!
