

ERRA Electricity Markets and Economic Regulation Committee Workplan 2022/24 – Status update

Ms. Lia Gvazava

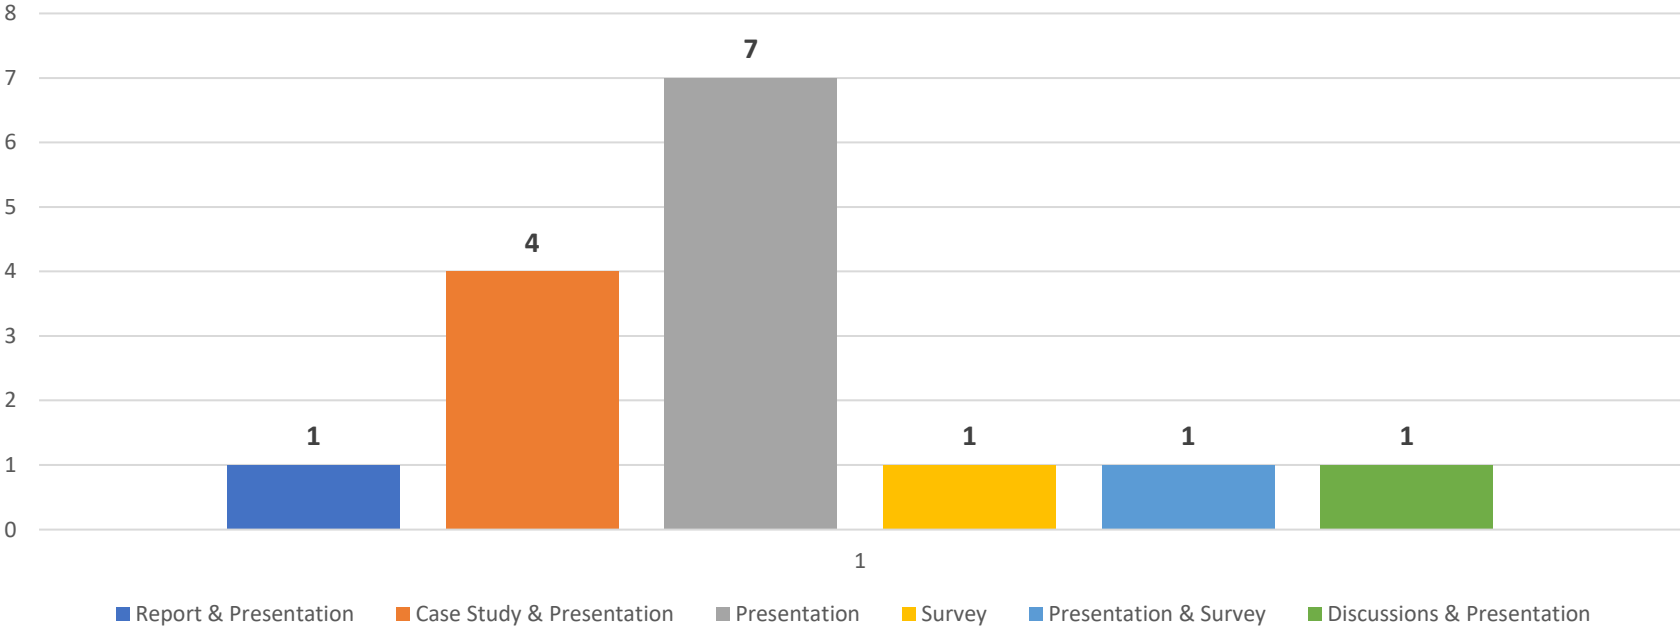

Georgian National Energy and Water Supply Regulatory
Commission (GNERC), Georgia;

ERRA EMER Committee Vice Chair of the EMER Committee

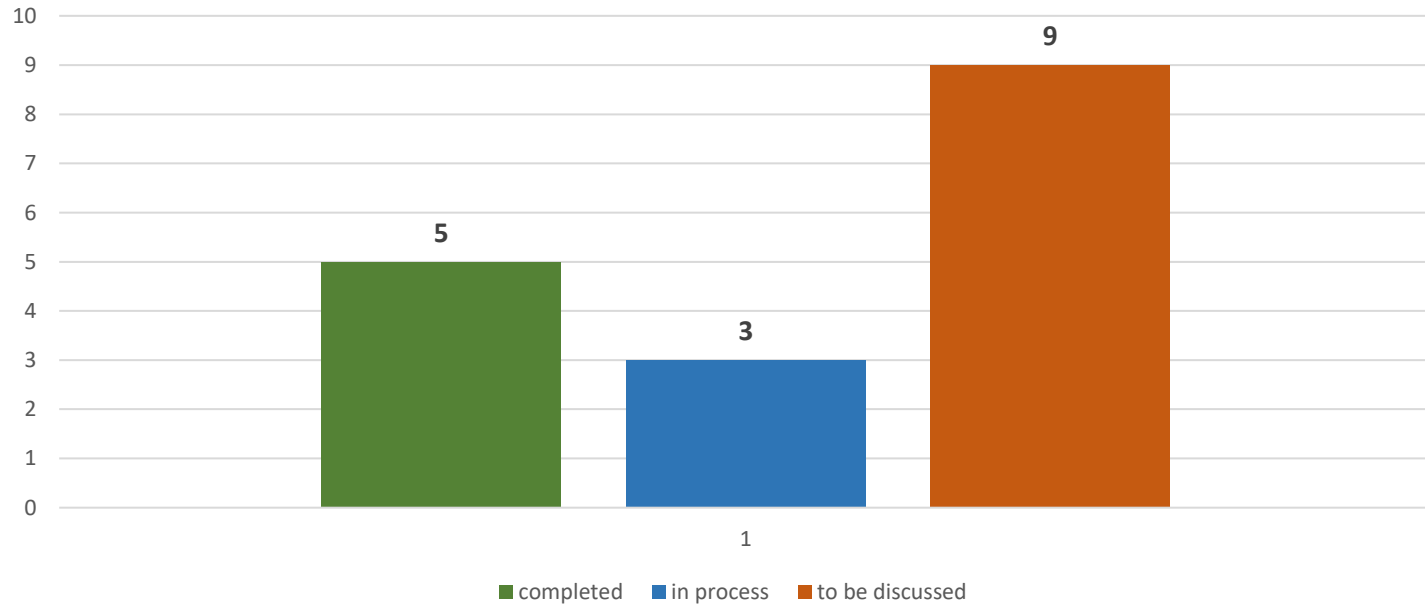

Work plan statistics:

Activity Format

Work plan statistics:

Fulfilment of the Work plan

Completed Workplan topics (1):

WP #1.2 Price regulation mechanisms in the electricity markets in transition. Ensuring smooth market opening and price stability

(Volunteers: South East European representatives)

➤ *Topic of the current meeting*

Completed Workplan topics (2):

WP #1.5 Positive experience of introduction of competitive electricity markets

(Covered in June 2022)

WP #3.3 Regulatory aspects of energy communities, self-consumption, energy sharing and electromobility

➤ *Topic of the current meeting*

Completed topics – not included in the Workplan (3):

Setting the WACC amid high inflation

(Covered in Sept 2022)

ECA Study on Regulatory Approaches of Electricity TSO & DSO Network Tariff Structures among ERRA Member Organizations

(Many Committee members contributed to the report; Introduced in Sept 2022)

Workplan topics in process (1):

WP #1.1 Deregulation of electricity markets – 2nd Status quo report of market opening, removal subsidies, efficiency of market functioning

(*Volunteers:* members submitting the questionnaire and Mr. Levan Zakareishvili, GNERC, Georgia, compiling the report)

Workplan topics in process (2):

WP #1.6 Analysis of price hikes and crisis processes in both electricity and natural gas markets

(Volunteer for the topic – MEKH, Hungary but due to the global tendencies it has been a frequent topic at the meetings)

Workplan topics in process (3):

WP #4.1 ERRA Tariff Database

Issues raised in December 2022:

- Data collection process: **one focal point** to be in charge of the data submission
- **Resource requirements:** Please feel free to contact us, if you can nominate a person who could help the ERRA Secretariat with tasks related to the database!
- **Accessibility of data:** How to make this more accessible? Let us also increase the traffic
- **Involving NG COM:** they will talk about the tariff database next week at their meeting

Workplan topics to be discussed (1):

WP #1.3. Regulatory tools for monitoring the wholesale electricity prices in case of non-functional organized electricity market:

Monitoring is core function for regulatory authorities, despite there is on place organized markets or no. Monitoring of market power and bilateral contract markets must be interesting for member organizations who doesn't have developed, organized markets in place. Experience of developed markets must be interested as well.

(Volunteers: ?)

Workplan topics to be discussed (2):

WP #1.4 **Market coupling - Benefits, challenges and best practices**

(Volunteer – MEKH, Hungary – *the representative who volunteered left MEKH: can they still be the volunteers for the topic?*)

Workplan topics to be discussed (3):

WP #2.1 Regulatory aspects of EU infrastructure regulation 347/2013 and its recast version in regard to evaluation of efficiency of investments by regulated entities and incentive mechanisms for investments which includes risk mitigation measures. Implementation in EU and EnCT signatory parties

(Volunteer – ?)

Workplan topics to be discussed (4):

WP #2.2 **Efficiency of TSO functioning and indicators for monitoring**

- EMERC and further discussions initiated in order to come up with more complete set of indicators.

(Volunteer – ?)

Workplan topics to be discussed (5):

WP #2.3 **Investment regulation evaluation, approval and risk mitigation approaches for large investment projects.**

- *regulation and overview of approval procedures of development plans in transmission and distribution networks*
(Volunteer – ?)

Workplan topics to be discussed (6):

WP#3.1 End-user flexibility and demand-side management. Review of current status and good practice in regulatory arrangement incentivizing and remunerating end-user flexibility.

(Volunteer – ?)

WP#3.2 New roles at electricity market

(Volunteer – ?)

Workplan topics to be discussed (7):

WP #4.3 **Wheeling, transiting and access Charges**

(Volunteers – ?)

WP #4.2 Tariff setting: Overview of process by which price reviews are undertaken by different regulatory agencies, tariff structuring, forward looking tariff setting and etc.

(Volunteer: Dr. Haliru Dikko)

➤ *To be presented at the Warsaw meeting in April, 2023*

Please feel free to share your thoughts and/or comments with us!

THANK YOU for the participation and contribution!
