History

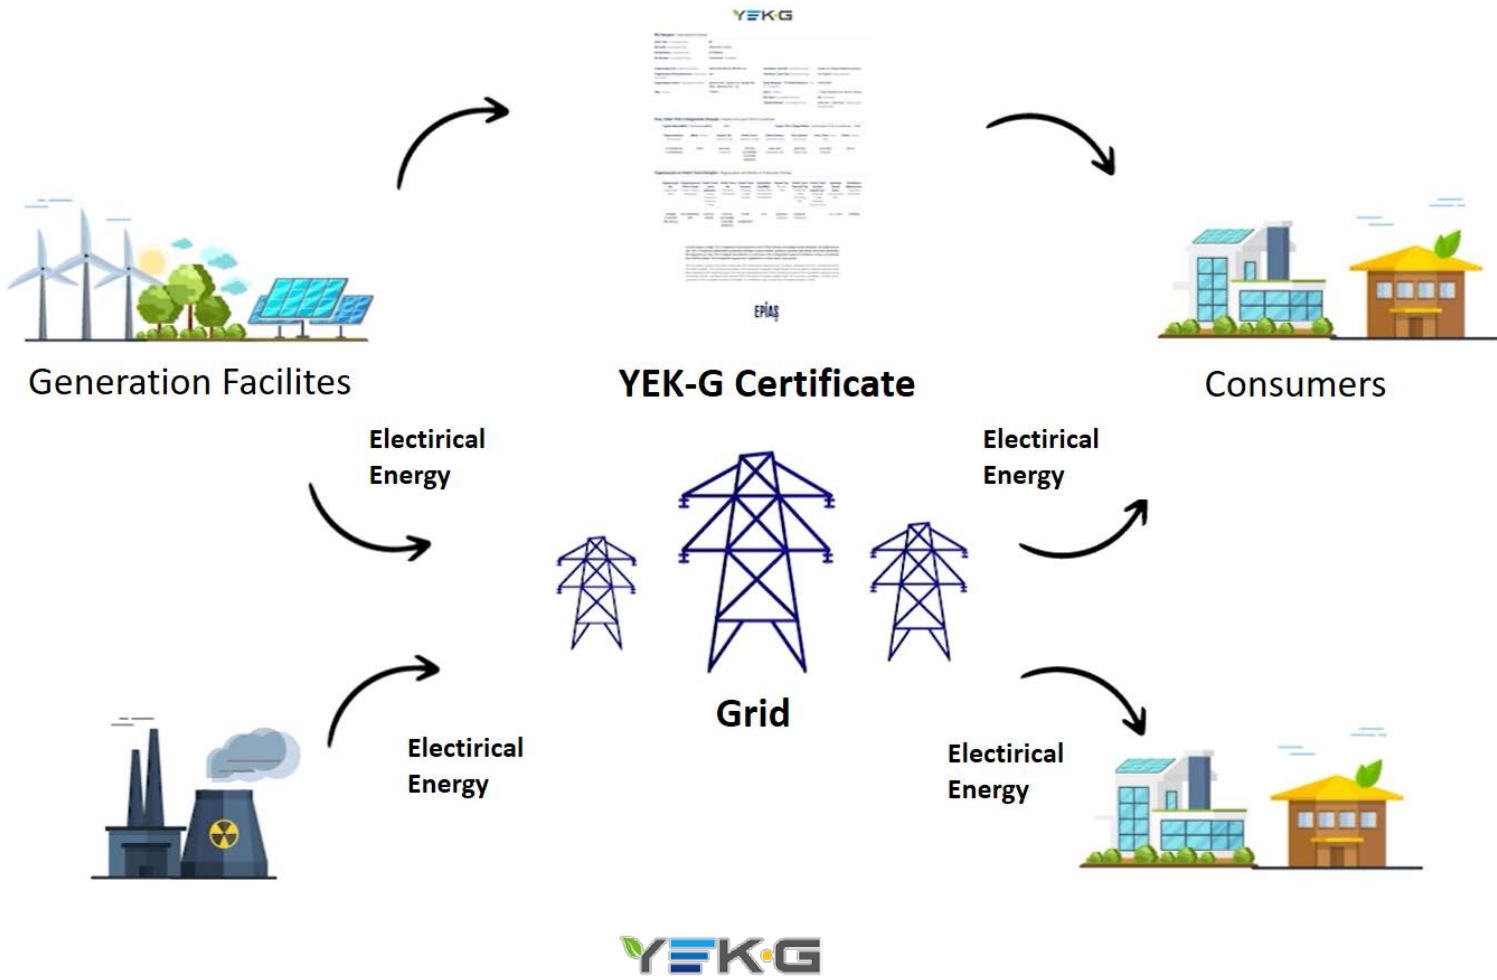

Purposes of YEK-G System

YEK-G

Structure

TERMINOLOGY

To document an electricity consumer that a certain amount or proportion of the electricity consumed is generated from a renewable source and to inform the consumer about the sources of electricity supplied

ISSUANCE

Refers to the YEK-G Certificate created by EPIAŞ for each 1 MWh of energy generation of the generation facilities in the system.

TRANSFER

Refers to the transfer of YEK-G certificates in the accounts of the system participants to other account holders.

CANCELLATION

Refers to the process of using the YEK-G certificate in order to verify the renewable energy usage claim of the system participant's end consumer.

EXPIRY

Refers to the YEK-G certificate located in the account of the system participant that loses its validity after 12 months from the date of generation

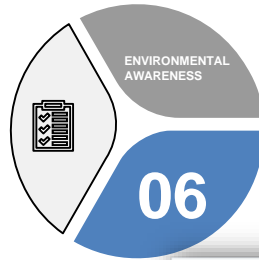

DISCLOSURE

Refers to providing information to consumers about the source of the energy supplied

Why YEK-G Certificate?

✓ Trust between Producer & Consumer

✓ Staying one step ahead of competitors

✓ Supporting National Renewable Resources

İhtisat belgesi, ilgili YEK-G belgelerinin piyasaya arz edilmesi için EPIAŞ tarafından ifa edilmiş bir belgedir. İhtisat belgesinde yer alan YEK-G belgelerinin envanterinde yerleştirilme zorunluluğu, yararlanıcı tarafından ilgili belgelerin tüketimine ilişkin olarak belgelerin ifa edilmesini sağlar. Bu ifa belgesinin hazırlanması, değiştirilmesi ve başka amaçla kullanılması yasaktır.

This cancellation statement document confirms that YEK-G documents subjected to the cancellation statement have been cancelled by EPIAŞ, the Market Operator. The environmental qualities of the associated renewable energy included in the cancellation statement document have been consumed by the beneficiary party in the relevant consumption period. YEK-G documents included in the cancellation statement are not transferable and the cancellation of the relevant YEK-G documents to another supplier and/or consumer is prohibited. Any false sale or cancellation of the cancellation statement is forbidden. It is forbidden to copy or amend this cancellation statement as well.

YEK-G Process

Organized YEK-G Market

Operating according to the continuous trade model

It is the market where YEK-G certificate is bought and sold among system users

Contracts to be opened in the Organized Market are resource-based.

Session-based market open on specific days in the month.

YEK-G

Where to use YEK-G Certificates?

SCOPE-1

- Process Emissions

SCOPE-2

- Purchased Electricity

 YEK-G

SCOPE-3

- Supplier emissions other than energy (transport, distribution, etc.)

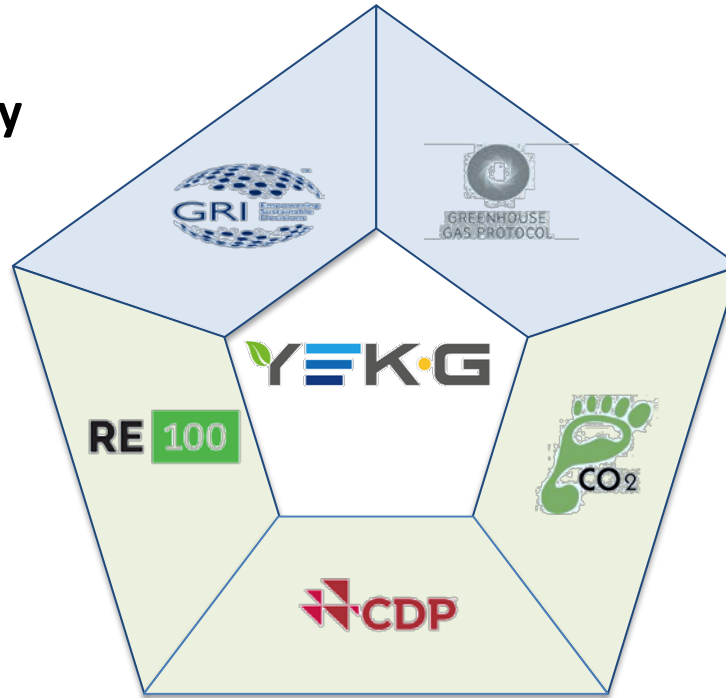

Where to use YEK-G Certificates?

International Validity

YEK-G Certificate can be used in the international sustainability reporting.

Sustainability-Prestige

Companies on the website of RE100-CDP-GRI, which are international reporting organizations, provide them with prestige.

YEK-G

GHG Protocol

According to the Greenhouse Gas Protocol and ISO 14064 published under the Kyoto Protocol, the carbon footprint can be calculated according to its secondary (indirect) formation.

GHG Calculation (Scope-2)

In the calculation of the carbon footprint Scope-2, it can be proven with the YEK-G Certificate that the purchased electricity is produced from renewable resources.

What changed?

	Before YEK-G System	After YEK-G System
End Consumers' Use of Renewable Energy	✓	✓
Contribution of end consumers to Renewable Energy Investments	✗	✓
User Verification of Renewable Energy Use	✗	✓
Recording and Tracking the Stages of Renewable Energy from Generation to Consumption	✗	✓
Obligation of Suppliers to Disclose the Source of Electricity Supplied to Their Consumers	✗	✓

YEK-G

Achievements

National

It is a completely domestic and national system.

Economic

It makes transaction costs more economical due to competition.

Transaction with TL

Since it is a domestic system, the costs will be in local currency.

Data Accuracy

Verification is made at the point where the data is produced and YEK-G Certificates can be issued.

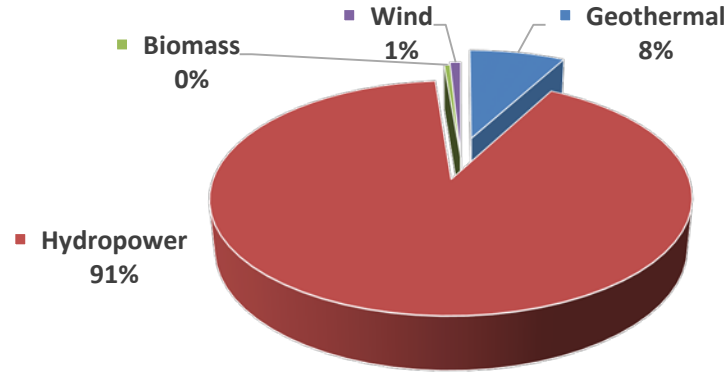

Indicator Price

With the organized YEK-G market, indicative prices are always formed. The right price is accessible to everyone, both for producers and consumers.
