FEASIBILITY & SUPPLY CHAIN
AND THE FUTURE ROLE OF
REGULATORS**

**CP COM PAPER:
SUPPLY CONTRACTS
AND BILLING**

UPCOMING ERRA PUBLICATION

This study reviews international experiences on pricing and compensation mechanisms for Battery Energy Storage System (BESS) services. The review covers eight countries (Australia, Germany, Ireland, Italy, Japan, Türkiye, Ukraine, and the United Kingdom) which have been selected to represent a spectrum of market maturity from developing to advanced jurisdictions.

Look for the study in the ERRA E-Library:
